

TEAM PERFORMANCE

High performing teams lead to improved morale and productivity.

Effective team performance can be the primary sustainable competitive advantage in any organization.

The most effective teams demonstrate **Courage, Discipline, Growth** and **Commitment**. They are focused on their strengths and they utilize the capabilities of each team member to achieve measurable results. Using our **Team Performance Profile**, your team's current performance is assessed and areas to improve are identified.

TEAM PERFORMANCE PROFILE

Provides a snapshot of the team's perception of itself. The team's performance is measured based the qualities and competencies demonstrated by high performing teams.

TEAM ACTION PLAN

Learn how to create an action plan to improve your overall team performance and results. Our team assessment helps you to identify clear actions that will elevate your team's effectiveness.

Virtually any success can be traced back to the work of an effective team.

THE CHALLENGE

We all work with many teams and most teams are not teams at all. In fact, they are only groups of people working together.

Creating a winning team is not easy but the results are worth it. Everyone is more productive and happier when they are part of an effective team.

Effective teamwork is developed step by step. It is a process - not an event. Teams need to understand the critical dimensions of team performance, where they stand in relation to these dimensions and how to address any gaps that they identify.

THE BENEFITS

➔ Your team strengths and areas to fine-tune are identified, including :

- Clarifying common objectives.
- Improving your team communication.
- Building trust.
- Focusing on clients' needs.
- Improving team meetings.
- Resolving challenges and conflicts.
- Achieving team results.
- Improving team morale and productivity.
- Giving and receiving more effective feedback.
