

COLOR OF COMMUNICATION

Effective communication leads to improved relationships, higher levels of trust, morale and productivity.

Discover your unique communication style using our **DYNAMIX®** profile. **Red, Yellow, Green** and **Blue** communication preferences are measured using our easy-to-use **DYNAMIX®** Model.

Learn to identify others' communication styles in order to better adapt and communicate with even the most difficult people.

Effective Communication Model

The most effective communication demonstrates **Courage, Discipline**, a desire to **Grow** and a **Commitment** to excellence. Our **DYNAMIX®** profile will measure your capabilities in these 4 areas as well.

Effective Feedback Model

Learn how to give and receive more effective positive and constructive feedback in order to continually improve performance.

Imagine if you could adapt your :

- Emails
- Presentations
- Voice Mails
- Conversations
- Feedback

“Effective communication is the foundation of every successful relationship.”

THE CHALLENGE

Despite the fact that we have more communication tools at our disposal, communication challenges are on the rise.

Poor communication leads to misunderstandings and can have a negative impact on morale and motivation. When people become too busy to communicate effectively, overall production and performance goes down.

THE BENEFITS

➡ Learn more about different communication styles and how to better adapt to others.

➡ The **DYNAMIX®** profile can be used as a coaching tool and as a part of a personal development plan to improve performance.

➡ Discover how to give and receive more effective feedback to improve engagement and motivation.

➡ Influencing others begins with effective communication skills and your ability to identify others' preferences and adapt effectively.
